

VT Select Bag-Valve-Mask (BVM) resuscitator

Anesthesia • Resuscitation and Emergency Care

VT Select BVM resuscitator

As demonstrated by previous studies¹, manual resuscitation can be highly variable from provider to provider. The VT Select helps to minimize the variability in treatment by using a timed refill valve which can be selected at the back of the bag.

It is recommended by the American Heart Association² to deliver 10 breaths per minute (BPM) of 500–600 ml in adult resuscitation. When Activated, the valve restricts the refill of the bag to approximately 4 seconds, providing approximately 10 BPM to the patient, helping to reduce the risk of hyperventilation.

When the valve is activated, a one handed squeeze of the bag will deliver approximately 500–600 ml to the patient. Alternatively, the valve can be switched to Standard, removing the delayed refill and the BVM can be used as normal.

The VT Select is smaller than most adult bags at only 1200 ml, which also helps to reduce the risk of hyperinflation or barotrauma.

Specifications

Body mass range	> 40 kg
Delivered volume range	(1 hand) 530 ml / (2 hand) 690 ml

Optional accessories

- Adjustable PEEP valve
- Dial manometer
- BVM mask strap

Clear anatomical cushion mask

For an effective seal and maximizes patient visibility

BVM resuscitators are single-use and latex free.

Smaller volume bag

The 1200 ml bag has raised finger ridges and integrated low profile strap

Reservoir bag and oxygen tubing

Valve

Activated position

The valve is restricted to produce a controlled tidal volume and timed refill

Standard position

The valve has no restriction and is operating as a standard BVM

SELECT VALVE POSITIONS:

Note: Not currently available for CE regions.

Code	Description	Box. Qty
7159094	VT Select BVM resuscitator, adult, 1.2 L bag, size 5 mask	8
7159093	VT Select BVM resuscitator, adult, 1.2 L bag, dial manometer, size 5 mask	8
7159092	VT Select BVM resuscitator, adult, 1.2 L bag, adjustable PEEP valve, size 5 mask	8
7159091	VT Select BVM resuscitator, adult, 1.2 L bag, adjustable PEEP valve, dial manometer, size 5 mask	8
7162111	Dial pressure manometer	20
7163000	BVM mask strap	10

VT Select is manufactured by Pulmodyne Inc and distributed by Intersurgical Ltd.
